**Rockwall, TX, January 3, 2019.**.....We are pleased to announce the promotion of Trey Peavy to Product Manager, RP Filtration Products. Trey joined Col-Met 12 years ago and has made significant contributions in a variety of cross-functional assignments including design, engineering and sales, where he has played a key role in all aspects of the Col-Met business.

In his new role, Trey will be responsible for managing and growing the RP Filtration business through our distribution partners. Trey brings a wealth of experience to his new role and we are excited about the future potential as he works with our partners and end-user customers to understand and resolve their filtration challenges.

Col-Met Engineered Finishing Solutions acquired the RP Paint Arrestors business from Research Products in June 2017. With this acquisition Col-Met has become the only company globally that manufactures both spray booths and complimentary filtration products. All Col-Met products are manufactured at our facility in Rockwall, TX. Please visit Col-Met's website, [www.colmetsb.com](http://www.colmetsb.com), for more information on all our products and services or contact customer service at 972-772-1919.

Please join Col-Met in congratulating Trey on his promotion. You can e-mail Trey at [tpeavy@colmetsb.com](mailto:tpeavy@colmetsb.com) or call him directly at 972-961-9448. As always, Col-Met looks forward to working with our industry partners to grow and improve the finishing industry and thank all involved in helping Col-Met succeed since the formation of the company in 1997.

About Col-Met: Col-Met Engineered Finishing Solutions is the market leader in spray booths, ovens, washers, AMU's and other finishing components, delivering value through our quality, service, people and engineering capabilities. Col-Met operates ethically and honestly with strong leadership and strong principles, each and every day. We challenge ourselves, and each other, to always make Col-Met an even better company than it was the day before. We do this by focusing on our core values of Honesty, Integrity, Growth, Diversity and believing that when you do the right things the right things will happen.
