

5-Year Warranty Program

Industry-Leading 5-Year Warranty*

On All Dry Filtration Spray Booths

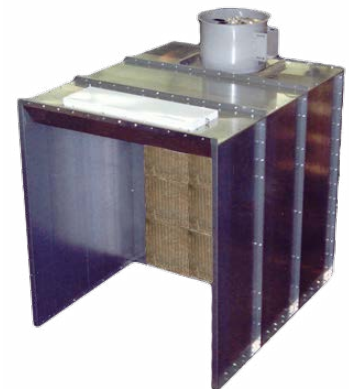

The quality and workmanship of Col-Met spray booths allows us to be the only Spray Booth Manufacturer to offer a Five (5) Year Warranty* provided the customer utilizes our Col-Met high performance RP “W-Series” exhaust filters. These filters have been designed, tested and approved to provide superior paint particle separation while restricting the least amount of air flow in accordance with ASHRAE 52.1.

The Col-Met RP W-Series Filters offer the following benefits:

- >> Manufactured by Col-Met
- >> Superior Filtration Characteristics
- >> Maximum Holding Capacity
- >> Minimum Face Loading
- >> Compatible With Most Coatings
- >> Less Filter Change Outs
- >> Less Operating Cost

Col-Met AMU's are included in this warranty if purchased with the spray booth.

Please Note (*): The utilization of spray booth exhaust filters other than the Col-Met RP W-Series filters will reduce the Col-Met spray booth and AMU warranty period to one (1) year. Temperature and humidity controlled systems do not qualify for the 5-year warranty. Please contact your local distributor or Col-Met if you have any questions regarding this program. Col-Met reserves the right to deny warranty claims if proper booth maintenance is not performed. This warranty is for parts only. Labor is not included. This warranty is not transferrable.
